## MS-4006-A Copilot for Microsoft 365 for Administrators

### Overview

**Course Duration:** 1 Day

#### **About This Course**

This course begins by examining the Microsoft Copilot for Microsoft 365 design. Its focus, however, is on the security and compliance features that administrators must configure in their Microsoft 365 tenant to protect their company's organizational data before they implement Copilot for Microsoft 365.

#### **Audience Profile**

This course is designed for administrators, Microsoft 365 administrators, or persons aspiring to the Microsoft 365 Administrator role who've completed at least one of the Microsoft 365 role-based administrator certification paths.
